

It's Time... **TO LAUNCH YOUR BUSINESS**

Coordinate your schedule with your sponsor and get your launches on the books!

These launches can be in person or virtual via zoom or FB Live - or a combination of both! Our goal is to get in front of as many people as possible to let them hear from you WHY you are so excited about this opportunity! We recommend that you do your launch events ASAP! Don't wait for the perfect time... just JUMP IN!!

I know that this can be a little nerve-wracking but your sponsor will help you go over all the details and be there every step of the way! Don't skip this step... this is KEY! EXCITEMENT is contagious... and the more we get belly to belly with people the more we build relationships and serve them through our products! **Be sure to attach to this ACTIVITY & NOT the OUTCOME of the activity! ☺

Work with your sponsor to present the full story of Arbonne at the event.

PRESENT: Is Arbonne for You? / Is Arbonne30 for you? (in person or virtual)
